## Delft, The Netherlands | April 2024

The 13th International Symposium on Architectural Research in the Digital Age (ARC 2024) is a prestigious event that brings together leading experts, researchers, and practitioners in the field of architecture to explore cutting-edge research and innovations that are shaping the future of the built environment.

Held in the historic city of Delft, The Netherlands, from April 2024, ARC 2024 offers a unique opportunity to:

- Engage with renowned architects, researchers, and industry professionals
- Discover emerging trends and innovations in architectural research
- Showcase your own research and engage in collaborative discussions
- Explore the latest advancements in sustainable design, digital fabrication, and other emerging fields
- Network with a global community of architects and researchers

With a focus on the theme of "The Future of Architecture: Embracing Digital Transformation and Sustainability," ARC 2024 will delve into the transformative role of digital technologies and sustainability in shaping the built environment of the future.

## Keynote Speakers

ARC 2024 will feature an impressive lineup of keynote speakers, including:

- **Dr. Marjan Colpaart**, Professor of Architecture and Dean of the Faculty of Architecture and the Built Environment at Delft University of Technology
- **Dr. Christoph Grafe**, Professor of Architecture and Director of the Institute for Advanced Architecture of Catalonia (IAAC)
- **Dr. Mette Ramsgaard Thomsen**, Professor of Architecture and Director of the Center for Information Technology and Architecture (CITA) at the Royal Danish Academy of Fine Arts

## Call for Papers

Researchers and practitioners are invited to submit their original research papers for consideration for presentation at ARC 2024. Papers should address the theme of the symposium and explore cutting-edge research in the following areas:

- Digital design and fabrication
- Sustainable建筑
- Computational design
- Data-driven design
- Artificial intelligence in architecture
- Human-computer interaction in architecture

The deadline for paper submissions is October 15, 2023. For more information and to submit your paper, please visit the ARC 2024 website.

## **Registration**

Registration for ARC 2024 will open in November 2023. Early bird discounts are available for those who register before February 15, 2024.

To register for ARC 2024, please visit the ARC 2024 website.

## **Accommodation**

A block of rooms has been reserved at the following hotels for ARC 2024 attendees:

- **Hilton Delft**
- **Best Western Plus Delft Centre**

- **Ibis Delft City Centre**

To book your accommodation, please contact the hotel directly and mention that you are attending ARC 2024 to receive the discounted rate.

## **Getting to Delft**

Delft is easily accessible by train, bus, and car.

**By train:** Delft is located on the main railway line between Amsterdam and Rotterdam. The journey from Amsterdam Centraal Station to Delft takes approximately 50 minutes. From Rotterdam Centraal Station, the journey takes approximately 20 minutes.

**By bus:** There are several bus services that connect Delft to other cities in the Netherlands, including Amsterdam, Rotterdam, and The Hague. The journey from Amsterdam to Delft takes approximately 1 hour and 15 minutes. From Rotterdam to Delft, the journey takes approximately 30 minutes.

**By car:** Delft is located on the A13 motorway. The journey from Amsterdam to Delft takes approximately 45 minutes by car. From Rotterdam to Delft, the journey takes approximately 15 minutes by car.

## **About Delft**

Delft is a historic city located in the province of South Holland, The Netherlands. It is known for its beautiful canals, its historic buildings, and its world-renowned university, Delft University of Technology.

Delft is a vibrant city with a rich cultural scene. There are many museums, theaters, and galleries in the city. Delft is also home to a number of festivals and events throughout the year.

The 13th International Symposium ARC 2024 is a must-attend event for anyone interested in the latest research and innovations in architecture. With its impressive lineup of keynote speakers, its call for papers, and its convenient location in the historic city of Delft, ARC 2024 is the perfect
