The book begins by examining the origins of the air war, tracing its roots back to the early days of the Vietnam War. It then goes on to detail the planning and execution of the bombing campaign, providing a detailed look at the targets that were chosen, the weapons that were used, and the tactics that were employed.

The book also provides a comprehensive assessment of the effectiveness of the air campaign, arguing that it failed to achieve its objectives and ultimately helped to prolong the war. It also discusses the legacy of the air war, examining its impact on the Vietnamese people and on the United States' reputation in the world.

The Johnson Air War Over Vietnam is a major contribution to the literature on the Vietnam War and the history of air warfare. It is a must-read for anyone who wants to understand the air campaign over Vietnam and its impact on the course of the war.
